TABLE OF CONTENTS

INTRODUCING KROWN'S COMPLETE MAINTENANCE SYSTEM

Krown is pleased to introduce the all new Krown Kleen product line featuring premium, high quality maintenance products. including degreasers, cleaners, soaps, and new innovative products like MR35 Salt Eliminator. Combine great cleaning products with our industry leading rust inhibitor, lubricants and penetrant and experience an incomparable automotive and industrial maintenance system.

Look for:

- All new Krown Kleen line of soaps, degreasers, cleaners, and other maintenance products
- Krown Kleen products include Salt Eliminator, designed to increase the benefits of Krown's rust protection by removing rust accelerating road salt and chlorides

DEDICATED TO THE ENVIRONMENT

Through research and development, Krown has reached its initial goals to eliminate or lower environmental impact across its product lines. Krown has eliminated NPEs from the entire product line.

Here are some of the environmental benefits of using Krown products, with our Enviro Friendly logo.

- APE/NPE free product*
- Phosphate free product
- V.O.C.'s free product
- Solvent free product

* All Krown Kleen products do not contain NPEs (nonyl-phenol ethoxylates) or any type of APE (alkyl-phenol ethoxylate), a class of surfactants which are still included in many cleaning chemical products. NPEs and APEs are believed to be a cause of reproductive disorders in both animals and humans. Many Canadian municipalities along with federal agencies have been working to reduce or eliminate use of these products with their potentially harmful sewer discharge.

CMS: KROWN'S COMPLETE MAINTENANCE SYSTEM

THE HEART OF KROWN'S COMPLETE MAINTENANCE SYSTEM

KROWN KLEEN

mp21 POWER KLEEN

Uses: Vehicle and Equipment Cleaning
Trigger & Pump Up Sprayers
Foam Guns
High Pressure Wands

Description:

Formulated for tough jobs, this concentrated product successfully straddles the line between a cleaner/degreaser and a heavy duty vehicle/equipment wash. Power Kleen quickly dissolves and emulsifies heavy grease, diesel soot, insects, and many other soils.

INTRODUCING
MR35
SALT ELIMINATOR

Uses: Vehicle and Equipment Cleaning
Trigger & Pump Up Sprayers
Foam Guns
High Pressure Wands

Description:

MR35 Salt Eliminator is a new formula designed to target rust-accelerating salt build-up. Salt Eliminator lives up to its name by pulling salt away from the metal surface, allowing it to be rinsed away.

Salt Eliminator rinses to a beaded shine on vehicle surfaces. This versatile product can also be combined with water on carpets to remove salt build-up and staining. Get the same great results from Salt Eliminator in its new convenient 400g aerosol can.

Visit www.krown.com for more information on the Krown application process and the rust protection centre near your fleet.

Use **MR400** daily on equipment, and stop concrete build-up from causing irreparable rust damage.

Page # 47

For routine vehicle wash and light degreasing, **MO14** is an environmentally friendly high foaming vehicle wash.

Page # 34

MP21 is a strong, multi-purpose cleaner/degreaser that handles heavy soil and grease with equal ease.

Page # 36

Use **Salt Eliminator** to remove salt that bonds and encrusts on steel, greatly accelerating corrosion.

Page # 44

Looking for a powerful degreaser with less environmental impact? Try **MP23 Brute Force**.

Page # 37

DEALER / FLEET

MAKE YOUR WASH SYSTEM SHINE WITH KROWN KLEEN PRODUCTS

SPECIFIC PRODUCTS FOR EACH NEED

Send every vehicle out looking its best. Krown Kleen products offer the best in wash, rinse and degreasing abilities for light, medium and heavy duty vehicle wash systems.

MB94 Sealer Wax is the rinse agent of choice for many vehicle wash system operators.

Page # 23

MP91 Rinse Clear is very unique in its effectiveness as a rinse agent in hard water environments.

Page # 22

Use **MP28 Multi Pressure** in wand applications - both high pressure and low pressure.

Page # 40

MP28T is a more aggressive version of MP28. All the strength of a touchless chemical.

Page # 40

MR35 Salt Eliminator is a unique formulation that very quickly breaks down salt, while leaving a beading shine.

Page # 44

MP27 Triple Kleen is perhaps the most concentrated and versatile cleaner/degreaser on the market.

Page # 39

Use **MP25 Bugs Away** as a prespray to quickly remove insects from almost any surface.

Page # 38

BUS / CAR / TRUCK WASH

COVER EVERY DETAIL WITH QUALITY KROWN KLEEN PRODUCTS

“METICULOUS ATTENTION TO DETAIL”

For an industry that thrives on meticulous attention to detail, the same attention is given to each formulation in the **Krown Kleen** product line.

Use **Krown Kleen** products to not only make a vehicle look like new, but preserve components and surfaces.

Krown has built a name by creating the most effective rust prevention on the market. We hold our detailing products up to the same high standard. Let Krown take your results to the next level today.

For more information speak with your local Krown representative and visit www.krown.com or call 1 800 267 5744

Use **MC88 Bio Odor** to remove organic odours and stains. Simply spray the product on the source of malodour.

Page # 26

MO18 Wash 'N' Wax is the preferred bucket-wash chemical for many dealers because of its high foam and clean, shiny finish.

Page # 35

MC86 Pro Bon is a safe, effective foaming chemical for manual carpet and fabric cleaning.

Page # 25

MC80 Fabri Guard forms an invisible barrier on every fiber of carpet or upholstery, protecting from spills.

Page # 24

Use **MD79 Vitalizer** not only to enhance interior appearance, but also to protect rubber trim.

Page # 32

MD77 Quick Shine is a long-lasting tire dressing featuring excellent adhesion and quick drying time.

Page # 30

A TRIED AND TESTED BRAND WITH INNOVATIVE NEW PRODUCTS

ELIMINATE UNNECESSARY WORK

A great line of products is an important part of a smooth running garage or body shop. Eliminate unnecessary work with Krown's fast acting penetrant **The Solution**. Give the customer an added experience with **body shop safe Krown Kleen products** designed to make vehicles look like they just came off the lot.

Ask your Krown representative how you can start a referral program with your local Krown centre and add to your profitability while increasing customer satisfaction.

For more information speak with your local Krown representative or visit www.krown.com or call 1 800 267 5744

Don't let seized fittings and bolts cut into valuable time. Krown's lightning-fast penetrant **The Solution** is not only quick, but solvent free, staying where it is applied, providing additional lubrication and rust protection.

Page # 19

Protect wiring and electrical parts while lubricating moving parts with Krown's **T40**. Trust the same product used to protect thousands of vehicles each year from rust in over 250 locations across Canada.

Page # 18

Enhance customer experience with **MD75 Pro Gloss**. Shine and gloss vehicle interiors with this silicone free, *body shop safe* dressing.

Page # 29

Leave clients with a great lasting impression with **MO18 Wash 'N' Wax**. Return customer vehicles with a clean, beading and waxy finish with this *body shop safe* wash.

T40™

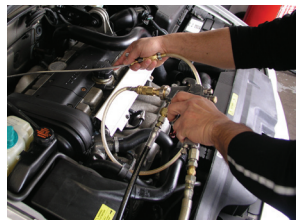

MAXIMUM STRENGTH
RUST INHIBITOR & LUBRICANT

T40 RUST INHIBITOR/ LUBRICANT

Based on corrosion prevention technology pioneered with Krown's original product T32, T40 is a next generation petroleum based, solvent free, self-healing rust inhibitor and lubricant. Developed for harsh climates and heavy wear and tear, T40 provides durable protection and lubrication in a variety of applications.

T40 is the product behind the #1 rust protection company in the world. The high dielectric strength, self-healing, solvent-free nature of T40 makes it an ideal lubricant. Once applied, T40 will resist abrasion and remain on a surface long after other products evaporate, harden, or simply wear off.

DESIGNED FOR
HARD WATER

MB91 RINSE CLEAR

MB91 RINSE CLEAR

MB91 really shines in hard water environments - breaking down the minerals that cause spotting. Use in place of any other rinse/drying agent and notice the dramatic reduction in water spots. Rinse Clear has a pleasant bubble gum fragrance and can be used in car, bus, and truck wash systems. Implement this rinse agent in pre-rinse or rinse water to give protection and a water-beading surface. Additionally, MB91 can be used with Krown's SWIS (Sealer Wax Injection System) in the rinse water line.

INTRODUCING THE KROWN SWIS SYSTEM

Use the Sealer Wax Injection System (SWIS) to install Krown's premium rinse agents in high pressure washing systems. Ask your local Krown representative for more information on SWIS.

USE PRODUCT WITH:

MB94 SEALER WAX

More than just a rinse/drying agent, MB94 Sealer Wax protects in 3 different ways, while producing a spot-reduced shine. It can be used in car, bus, and truck wash systems either in a higher concentration step before the rinse or in a very low concentration in the rinse water.

AREAS OF APPLICATION

- Automatic and self serve wash systems
- Pre-rinse arches
- Rinse arches
- Pre-rinse wands
- Rinse wands
- Manual vehicle washing
- Sealer Wax Injection System (SWIS can work with any pressure-wash system)

mc80 FABRI GUARD

MC80 FABRI GUARD

Protecting your investment also means protecting your fabric. MC80 Fabri Guard forms an invisible barrier on every fiber of material- whether carpet or upholstery. It levels and spreads completely and evenly, making it easy to apply by spraying it on the surface.

MC80 protects from oil, grease and water-based spills, including ice cream, coffee, tea, and juice. It does not affect the colour or the texture of the fabric/carpet. It also dries more quickly than water based fabric-protecting products.

BENEFITS AND ATTRIBUTES

- Increases carpet and fabric lifespan
- Repels oil, grease, and liquid spills
- Does not change texture and appearance
- Dries quickly
- Does not contain aggressive solvents

USE PRODUCT WITH:

MC85 EXTRACT PLUS

MC85 Extract Plus is an all-in-one extraction cleaner, carpet prespray, and stain remover. It is powerful, cutting through soils quickly. Unlike other extraction cleaners, MC85 relies on a complex blend of low-foaming surfactants instead of harsh chemicals. It also counteracts malodours using Nutrodor, a unique encapsulating polymer. This effective formula cleans thoroughly and leaves little residue.

BENEFITS AND ATTRIBUTES

- Powerful
- Low foaming
- Nutrodor odour counteractant
- Fresh & clean fragrance
- Does not quickly resoil
- Extends carpet life

MP21 POWER KLEEN

Formulated for tough jobs, MP21 Power Kleen acts as a powerful degreaser/cleaner and a heavy duty vehicle/equipment wash.

MP21 quickly dissolves and emulsifies heavy grease, diesel soot, insects, and many other soils. With 21 ingredients, MP21 is specifically designed to handle the widest range of soils possible.

ORDER NUMBER

205L 1202

AVAILABLE SIZES

4 L
 20 L
 205 L

BENEFITS AND ATTRIBUTES

- Grease and oil breakdown on both animal fats and petroleum based soils
- Non-flammable
- Powerful cleaning, even in low dilutions
- Extremely fast oil breakdown

USE PRODUCT WITH:

MP23 BRUTE FORCE

MP23 BRUTE FORCE

MP23 is a non-corrosive alternative to MP21 designed as a cleaner/degreaser and a heavy duty vehicle/equipment wash.

Although similar to MP21 in functionality, MP23 uses a unique surfactant system that gives it the potential to replace two or more different degreasers and cleaners while lowering environmental impact.

SOME AREAS OF APPLICATION

- Grease and oil breakdown on both animal fats and petroleum based soils
- Environmentally-friendly surfactant system
- Does not contain petroleum-based solvents or phosphates

MP25 BUGSAWAY

MP25 BUGS AWAY

MP25 Bugs Away is designed to remove insects from a vehicle surface as quickly as possible. It can be used in manual washing systems as well as automatic washing systems. MP25 is a more environmentally-friendly alternative than many competing products, containing no acids, solvents, or phosphates.

ORDER NUMBER

20L 1366
205L 1367

AVAILABLE SIZES

 20 L
 205 L

SOME METHODS OF APPLICATION

- Trigger sprayer
- Automatic wash systems
- High pressure washing
- Low pressure presoak
- Foam systems

USE PRODUCT WITH:

MP27 TRIPLE KLEEN

Perhaps the most powerful, concentrated, water-based cleaner/degreaser on the market, Triple Kleen can pick up where other cleaner/degreasers leave off. From low dilution, where it can handle the heaviest oil deposits, to medium dilution where Triple Kleen still impresses as a heavy duty cleaner/degreaser, to high dilution where the product uses are endless, MP27 Triple Kleen can outperform the competition every time.

SOME METHODS OF APPLICATION

- Industrial, equipment, and vehicle cleaning
- Pressure washing
- Foam guns
- High pressure wands
- Vehicle wash systems
- Pump-up & trigger sprayer
- Plant and factory
- Auto scrubber and mop bucket

MP28 MULTI PRESSURE

A powerful car and truck wash product that will remove soils, including road film, and works well in hard or soft water. MP28 is an easy-rinsing product with a pleasant bubble gum fragrance. Use this product under various pressure, from a high-pressure wand to a low-pressure presoak.

BENEFITS AND ATTRIBUTES

- Effective in touchless wash systems
- Removes traffic film
- Easy rinsing
- High foaming

USE PRODUCT WITH:

MP28T MULTI PRESSURE TOUCHLESS

Designed especially for touchless washes, MP28T is an even more powerful car and truck wash product than MP28. This effective touchless option will remove soils, including road film, and works well in hard or soft water. Easy rinsing, and pleasant bubble gum scented, MP28T product can be used under various pressures, from a high-pressure wand to a low-pressure presoak.

Easy Rinsing

BENEFITS AND ATTRIBUTES

- Enhances rinse agent performance
- For low and high pressure systems
- Non flammable
- No caustics, phosphates or petroleum solvents

USE PRODUCT WITH:

MP29 ONE STEP

MP29 One Step lives up to its name as a vehicle wash alternative that removes several steps from the washing process.

With its unique formula, MP29 is able to foam over the vehicle's surface, washing like a conventional soap would. As One Step is rinsed, the water beads off, leaving a wax-like shine to the vehicle. One Step is perfectly suited for a quick wash, with a glossy, professional result.

DESIGNED FOR

- Detail shops
- Car washes
- Mechanical garages
- Household use

MP255 CITRUS KLEEN

MP255 CITRUS KLEEN

MP255 is a powerful, foaming, high-citrus oil content cleaner/degreaser. Use this citrus based product for tasks as varied as engine degreasing, removing diesel soot & grease, insect removal, and for hand-scrubbing seats and carpets. MP255 does not contain caustics, butyl, petroleum solvents, or synthetic fragrances.

BENEFITS AND ATTRIBUTES

- Excellent insect remover, grease and oil
- Breaks down grease and oil using natural citrus oils
- High citrus solvent concentration
- Environmentally-friendly surfactant system
- Does not contain petroleum solvents or phosphates

MR32 ENVIRO SOL

A powerful, yet environmentally-friendly cleaning solvent made from citrus peel, MR32 Enviro Sol has many uses. Some of these are asphalt and tar removal (from painted surfaces as well as carpet and fabric), sticker removal, gum removal, and dissolving of very greasy soils.

BENEFITS AND ATTRIBUTES

- Does not contain petroleum distillates
- Biodegradable and environmentally-safe combination of citrus solvent, emulsifiers, and additives
- Quickly dissolves tar, asphalt, grease and oils
- Can be used on most surfaces (may harm some plastics)

MR35

SALT ELIMINATOR

BEFORE AFTER

MR35 SALT ELIMINATOR

A revolutionary new maintenance staple, MR35 Salt Eliminator makes the difficult, yet vital task of salt removal easy. Magnesium, calcium, and sodium chloride salts can speed up the corrosion process by hundreds of times. These salts can even cause rapid corrosion on surfaces that wouldn't otherwise corrode.

Use MR35 for periodic chloride removal or day to day cleaning, and experience less rust and better looking, salt-free equipment.

MR35
SALT ELIMINATOR

Other leading car soap.

Salt Coated Steel Panels.

BENEFITS AND ATTRIBUTES

- Engine & parts
- Carpet, fabric, rubber
- Salt spreading equipment
- Plant and factory cleaning and desalting
- Vehicle bodies and undersides

USE PRODUCT WITH:

MR82 ALUMA BRITE

MR82 is a heavy-duty, fast-acting, aluminum brightener/cleaner. MR82 effectively cleans and brightens aluminum trailers, fuel tanks, wheels and other aluminum parts. Quickly remove oxidation along with other soils including diesel soot and road film with this powerful cleaning formula.

When used as directed MR82 will not leave streaks or white residue behind. **CAUTION:** This product contains hydrofluoric acid, ensure safety procedures are followed.

MR82

ALUMA BRITE

BENEFITS AND ATTRIBUTES

- Brightens metals evenly
- Removes rust
- No petroleum solvents
- Removes oxidation without brushing
- High concentration
- Does not leave white residue

DAILY MAINTENANCE
FOR CONCRETE
MACHINERY

MR400 CONCRETE REMOVER

MR400 CONCRETE REMOVER

MR400 Concrete Remover is designed to remove recently attached cement from steel and other surfaces. By using regularly, MR400 is a daily maintenance alternative to other more dangerous and corrosive mixtures based on muriatic/ hydrochloric acid.

Combine MR400's concrete maintenance with other Krown products and expect to save money with less corrosion, less downtime, and lower maintenance costs.

SOME AREAS OF APPLICATION

- Concrete mixing trucks
- Concrete pumping trucks
- Mortar mixers
- Compactors and rollers
- Power and truss screeds
- Trowels and trowel blades
- Concrete breakers
